## 3. Compliance Status Summary

### 3.1 Compliance Status Descriptors

The following descriptors were used to record the status of each compliance requirement:

Status	Description
<b>Compliant</b>	The proponent has collected sufficient verifiable evidence to demonstrate that all elements of the requirement have been complied with.
<b>Non-compliant</b>	The proponent has identified a non-compliance with one or more elements of the requirement.

---

<b>Not triggered</b>	A requirement has an activation or timing trigger that has not been met at the phase of the development when the compliance assessment is undertaken, therefore an assessment of compliance is not relevant.
